LETTER RE CERTIFICATE OF CORRECTION

Honorable Commissioner For Patents
P.O. Box 1450
Alexandria, VA. 22313-1450

Sir:

Attached is a Request for Certificate of Correction that conforms Figs. 20 and 21 to Figs. 20-21 as originally filed.

The lowermost diodes 107 are incorrectly depicted in Figs. 20 and 21 of the patent as being in below respective elements 105,106 (Fig. 20) and 110,106 (Fig. 21) rather than *between* the elements as depicted in the replacement figures. The incorrect depiction resulted, without deceptive intent, from a drafting error when preparing formal drawings.

The diodes 107 are correctly depicted in the original drawings filed with the application. The currently-submitted amendments merely conform the depiction of diodes 107 to the original drawings, and to their description in the original specification as well as to the specification of the issued patent.

Accordingly, it is respectfully submitted that the amendments are of a **minor character** and do not add new matter, and that entry of the Certificate of Correction under 378 CFR §1.323 is therefore appropriate.

The fee of \$100 is also enclosed.

FFR 13 2006

U.S. Patent No. 6,023,419

Respectfully Submitted,

BACON & THOMAS, PLLC

A handwritten signature in black ink, appearing to read 'B. Urcia', with a long horizontal flourish extending to the right.
